### Product Information:

"Mobile work table with a surface of 1400 x 700 mm.  
Converts the PRO TABLE 1800 into a mobile multi-purpose workstation on the construction site, allowing for ergonomic working conditions.  
The table with the L-BOXX system can be flexibly attached to all L-BOXX boxes.  
The regular 20 mm holes in the tabletop allow the use of, for example, stop pins, clamping tools such as clamps or clamp plates.  
The central hole has a diameter of 150 mm and is suitable for drilling into tiles and other materials.  
The system is modular in order to provide several combinations of mounting with the trestles via L-BOXX interfaces.  
The wooden top is made of beech multi-ply with recognized mechanical properties thanks to the strength and durability of the beech wood.  
Compact, easy to transport and store.  
Easy to use and to assemble on site."

### Technical characteristics:

Height (cm) : 9.70  
Width (cm) : 70.00  
Length (cm) : 140.00  
Net weight (Kg) : 14.00  
Characteristic 1  
Material Beech multi-ply  
Hole Yes
