D 102

(Ref. 11101523)

Dry core-drilling of building construction materials non-reinforced concrete, brick, cellular concrete

Usage intensif

Product Information:

Laser-welded segment ring

Spline segments to better cool down and discharge dust

Designed for dry core-drilling on portable drilling machine or rotary hammer

Using only the drill to hammer drill a center hole

No-hammer core-drilling using the ring + center drill

Assembly with hexagonal rod or SDS PLUS

Building construction materials: non-reinforced concrete, brick, cellular concrete

Convenient core-drilling and finishing speed in building construction materials

Technical characteristics:

Height (cm) : 13.00

Width (cm) : 13.00

Length (cm) : 19.00

Net weight (Kg) : 1.40

For machine Drilling Portable machine

Diameter (mm) 102

Ring length (mm) 24

Useful length (mm) 150

Fitting model R 1/2

Ring height (mm) 10

Ring thickness (mm) 3.8

Number of rings 5
