Photo et textes non contractuels

CBS

(Ref. 11001305)

Cleaning and descaling of weld beads, elimination of rust, oxide layers, paint, coatings, protections, putty, watertightness residues, concrete residues, cleaning of wooden beams, bricks **Usage intensif**

Norm: EN13743

Product Information:

"Non-weaved disk on flat hemp support Non-weaved structure mixed with abrasive grains Provides a no-dirt and soft cleaning while non damaging raw material Cleaning and descaling of weld beads, elimination of rust, oxide layers, pai nt, coatings, protections, putty, watertightness residues, concrete residue s, cleaning of wooden beams, bricks

Users: industry, maintenance, building industry Applications: steel, stainless steel, non-ferrous, wood

Abrasive: silicon carbide

Support: made from 70% of hemp fibres and 30% of non-polluting polypro

pylene binder

Hemp-fibre natural support: eco-friendly product with low environmental i

mpact

Technical characteristics:

Height (cm): 2.50 Width (cm): 12.50 Length (cm): 12.50 Net weight (Kg): 0.10 For machine Grinder Diameter D (mm) 125 Bore (mm) 22.23 Max. speed (rpm) 5 000 Speed (m/s) 30 Composition of the product Silicon carbide Product support Fibre support
