

D 132

(Ref. 11101526)

Dry core-drilling of building construction materials non-reinforced concrete, brick, cellular concrete

Usage intensif

Photo et textes non contractuels

Product Information:

Laser-welded segment ring
Splined segments to better cool down and discharge dust
Designed for dry core-drilling on portable drilling machine or rotary hammer
Using only the drill to hammer drill a center hole
No-hammer core-drilling using the ring + center drill
Assembly with hexagonal rod or SDS PLUS
Building construction materials: non-reinforced concrete, brick, cellular concrete
Convenient core-drilling and finishing speed in building construction materials

Technical characteristics:

Height (cm) : 14.00
Width (cm) : 14.00
Length (cm) : 19.00
Net weight (Kg) : 1.90
For machine Drilling Portable machine
Diameter (mm) 132
Ring length (mm) 24
Useful length (mm) 150
Fitting model R 1/2
Ring height (mm) 10
Ring thickness (mm) 3.8
Number of rings 6
