

## D 162

(Ref. 11101529)

Dry core-drilling of building construction materials non-reinforced concrete, brick, cellular concrete

**Usage intensif**

Photo et textes non contractuels

### Product Information:

Laser-welded segment ring  
Spline segments to better cool down and discharge dust  
Designed for dry core-drilling on portable drilling machine or rotary hammer  
Using only the drill to hammer drill a center hole  
No-hammer core-drilling using the ring + center drill  
Assembly with hexagonal rod or SDS PLUS  
Building construction materials: non-reinforced concrete, brick, cellular concrete  
Convenient core-drilling and finishing speed in building construction materials

### Technical characteristics:

Height (cm) : 17.00  
Width (cm) : 17.00  
Length (cm) : 19.00  
Net weight (Kg) : 3.00  
For machine Drilling Portable machine  
Diameter (mm) 162  
Ring length (mm) 24  
Useful length (mm) 150  
Fitting model R 1/2  
Ring height (mm) 10  
Ring thickness (mm) 3.8  
Number of rings 8
