Product Information:

Bluetooth remote control for vacuum cleaners
Two functions available: manual or automatic on/off control.
Thanks to its intelligent vibration-based automatic tool activation detectio n function, the remote control automatically adapts to all your corded, pne umatic and battery-powered tools, enabling you to easily switch the vacuu m cleaner on and off remotely with no extra effort.
Bluetooth communication: based on Bluetooth technology, pairing is reliab le and simple, enabling you to quickly connect the remote control to your vacuum cleaner.
The remote control is specially designed to adapt to your working environ ment. You can easily attach it to a hose, tube or power tool.
Robust and durable, designed to withstand the harsh conditions of worksit es.
Integrated LED indicators. They provide visual warnings of insufficient air f low.

Delivered with battery CR 2032

Technical characteristics:

Height (cm) : 2.00
Width (cm) : 5.20
Length (cm) : 5.00
Net weight (Kg) : 0.10
Format Carton box
For machine
Characteristic 1
Characteristic 2 Signal range 30m
Characteristics Energie source battery CR 2032, packed in a blister
