Product Information:

"Mobile work table with a surface of 1400 x 700 mm.
Conversion to a mobile multi-purpose workstation on the construction site by mounting the table on two stacks of L-BOXX boxes, allowing for ergonomic working conditions.
The table with the L-BOXX system can be flexibly attached to all L-BOXX boxes.
The regular 20 mm holes in the tabletop allow the use of stop pins, clamping tools such as clamps or clamp-on clamps, for example.
The central hole has a diameter of 150 mm and is suitable for drilling into tiles and other materials.
The system is modular in order to provide several combinations of mounting with the trestles via L-BOXX interfaces (optional).
The wooden top is made of beech multi-ply with recognized mechanical properties thanks to the strength and durability of the beech wood.
Compact unit, easy to transport and store.
Easy to use and to assemble on site."

Technical characteristics:

Height (cm) : 1.80
Width (cm) : 70.00
Length (cm) : 140.00
Net weight (Kg) : 12.40
Characteristic 1
Length (mm)
Material Beech multi-ply
Hole Yes
