Product Information:

Complete engine protection against dust for extended service life
Robust, high-performance, high-efficiency motor
Slim carter for a comfortable grip
Optimal engine cooling for extended service life
Aluminium alloy gearbox
Dust-tight bearings
Anti-burst and anti-rotation safety housing
Electronic variable speed drive
Soft start with start-up current limitation
Anti-vibration side handle
High torque for high-density materials
Safety switch with lock function
Security restart shutdown
Power cable HO5RNF length 4 meters

Technical characteristics:

Height (cm) : 11.50
Width (cm) : 8.50
Length (cm) : 35.00
Net weight (Kg) : 3.20
Power (W)
Power (V) 1-phase 230V
Max. speed (rpm)
Disk diameter (mm)
Disk bore (mm) 22,23
Spindle threading (mm)
Cutting height (mm)
Cable length (m)

Standard delivered accessories:
- Anti-vibration side handle
- Carter to scupper
- Carter to cut
- Service key
